First of all I'd like to congratulate Mike and Norlei with their marriage that will take place on April 10th and I hope that they will have many years together in good health.

March was again a bit of a dull month but we have a lot of logs thanks to a number of loyal monitors, including Jon who submitted almost 1000 logs. Wow!!!

If someone wants to write something for N&O, even anonymous, please contact me. I know that there is a lot of numbers related knowledge in the various groups, so don't hesitate and share your knowledge with the rest of us.

Alright, let's start with N&O 127.....

And one of the logs (6971.5 RJD99 de RAS82) suggest that RJD99 being a Russian naval air unit / facility. A source has told me that RJD99 actually

might be a naval meteorological facility. It could make sense as RJD99 obviously broadcasts weather forecasts. Ideas anyone regarding this ?

If the people behind the RJD99 loggings mentioned above read this, please reply, as I am curious to hear more detailed info when and where they logged RJD99 and if this station has been heard on other occasions as well."
